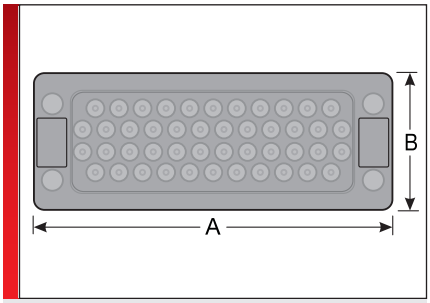
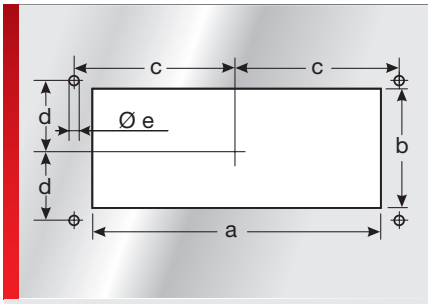
Type KDP/F 24 cable entry plate, plastic





PRODUCT INFORMATION

The KDP/F 24 cable entry plate is an entry and fastening system for cables and pneumatic hoses such as those used in control cabinets, plant or machine construction. Wherever quick assembly, cable-protection and high packing density are required, this cable entry plate can be used.

- Enormous time savings in assembly
- High packing density
- Large wire diameter ranges
- Several cables may be fed through an opening together
- Very flat design
